Administrative Information

Preferred Citation

Smithsonian Institution Archives, Accession 12-557, Smithsonian Tropical Research Institute, Website Records

Descriptive Entry

This accession consists of the "Center for Tropical Forest Science News" blog as it existed on June 7, 2012. The Center for Tropical Forest Science is a global network of forest research plots committed to the study of tropical and temperate forest function and diversity. The blog is used to disseminate news about the program and to announce publications. Materials are in electronic format.
